Dear Parent/Carer

## **Re: Consultation on increasing the capacity at Somercotes Academy**

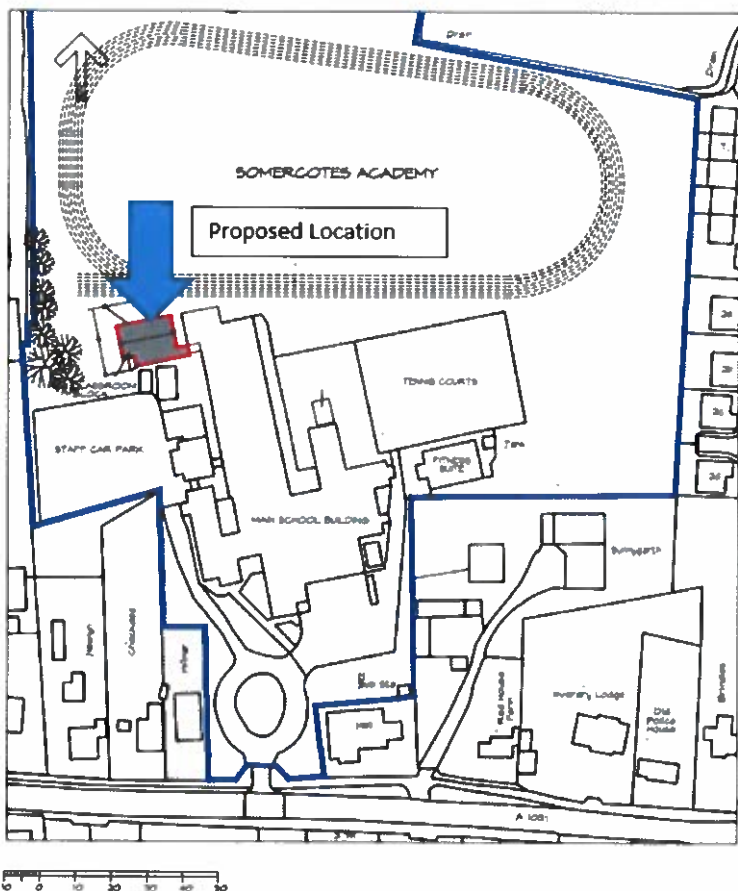

Tollbar Multi Academy Trust is opening a consultation with local stakeholders on the proposal to permanently expand the capacity at Somercotes Academy.

This proposal is to expand the capacity of the Academy by building two new classrooms following the Academy's rapid expansion over the last 6 years from 236 students in 2015 to the current number on roll of 423.

The additional capacity is to support the continuing development of the Academy in meeting the needs of local students. The Trust believes that this is an opportunity to extend and enhance the excellent provision at Somercotes Academy.

### **The location of the two new classrooms**

The proposed implementation date for the new capacity to come into use, if approved, will be September 2022.
